

Industry Survey of Current Work Force Needs

The Montana BILT project is interested in developing short-term **relevant** training for the construction industry. To this end, we ask for your input on the following questionnaire.

1. Please provide areas in which you are currently in need of skilled employees and in which individuals could acquire the necessary skills in short-term training (3 to 45 hours of instruction).

2. Should the training result in a specific certification? _____ Yes _____ No

If yes, what type of certificate? _____

3. Is this training something that you or someone in your employment could provide if the Montana BILT project provided the logistic/administrative support? Please provide contact information for that person.

Name: _____

Company: _____

Phone: _____

Email: _____

Suggested training: _____

(please use back of sheet for additional training and contacts)

4. Will you support this training by:
Having your employees attend: ____ Required _____ Voluntary
Financial Support: _____ Yes _____ No
Provide employee with expertise for training: ____ Yes _____ No

If you have questions or comments please contact the Montana BILT program manager:
