

STUDENT CONSENT FORM

Dear Students,

The Construction Technology-Carpentry program in which you are enrolled is made possible in part through a grant from the United States Department of Labor Employment and Training Administration (# CB-15201-06-06). This grant is called Montana BILT (Building Industry Labor Training). As part of Montana BILT we are asked to track how well the students who participate in the program succeed in the workforce. The information gathered will be used to help determine if the training is successful and in what areas we might need to improve. The use of your social security number is the only way to access wage and employment information through state data bases.

Completing the following questionnaire is voluntary. You may skip any questions that you do not wish to answer. Choosing not to participate either wholly or in-part will not affect your current or future relationship with the Montana State University system. You are free to withdraw your consent to participate in the data collection process at any time. **These records will be kept confidential and physically destroyed after entering the data into a secured data base. Public reporting will not contain information that could be used to identify individual participants. Records of participants are kept secured and are accessible only by the Montana BILT principle investigator, data coordinator, and project manager.**

Consent: I have read and understand the above information. I consent for the information that I provide to be used to access my wage and employment information that will help measure the success of the Montana BILT program. I understand that I am free to withdraw my consent at any time.
